**CLASS ACTION COMPLAINT FOR
VIOLATION OF THE FEDERAL
SECURITIES LAWS**

JURY TRIAL DEMANDED

23 Plaintiff _____, individually and on behalf of all other persons similarly
24 situated, by his undersigned attorneys, alleges in this Complaint the following upon
25 knowledge with respect to his own acts, and upon facts obtained through an
26 investigation conducted by his counsel, which included, inter alia: (a) review and
27 analysis of relevant filings made by Xunlei Limited (“Xunlei” or the “Company”)
28 with the United States Securities and Exchange Commission (the “SEC”); (b) review

1 and analysis of Defendants’ public documents and press releases; and (c) information
2 readily obtainable on the Internet.

3 Plaintiff believes that further substantial evidentiary support will exist for the
4 allegations set forth herein after a reasonable opportunity for discovery. Most of the
5 facts supporting the allegations contained herein are known only to Defendants or are
6 exclusively within their control.

7 **NATURE OF THE ACTION**

8 1. This is a federal securities class action on behalf of all persons and
9 entities, other than Defendants, who purchased Xunlei American Depository Shares
10 (“ADSs”) (1) pursuant and/or traceable to the Company’s registration statement and
11 prospectus (defined below) issued in connection with the Company’s initial public
12 offering on or about June 24, 2014 (the “IPO” or the “Offering”); and/or (2) on the
13 open market between June 24, 2014 and May 20, 2015, inclusive (the “Class
14 Period”), seeking to recover compensable damages caused by Defendants’ violations
15 of the Securities Act of 1933 (the “Securities Act”) and under the Securities
16 Exchange Act of 1934 (the “Exchange Act”) (the “Class”).

17 2. Xunlei operates an internet platform for digital media content in the
18 People’s Republic of China (“PRC”). Xunlei’s cloud computing provides users with
19 access to digital media content. The Company has been focusing its business towards
20 mobile platforms transferring away from PC based platforms.

21 3. On March 31, 2015, Xunlei announced the strategic divestment of
22 Xunlei Kankan (“Kankan”) — an online video streaming business, which previously
23 served as a value-added service to meet a fuller spectrum of its users’ digital media
24 content access and consumption needs.

25 **JURISDICTION AND VENUE**

26 4. The claims asserted herein arise under and pursuant to Sections 11,
27 12(a)(2), and 15 of the Securities Act (15 U.S.C. §§ 77k, 77l, and 77o), and Sections
28

1 10(b) and 20(a) of the Exchange Act (15 U.S.C. §§ 78j(b) and 78t(a)) and Rule 10b-5
2 promulgated thereunder by the SEC (17 C.F.R. § 240.10b-5).

3 5. This Court has jurisdiction over the subject matter of this action pursuant
4 to 28 U.S.C. § 1331, Section 22 of the Securities Act (15 U.S.C. § 77v), and Section
5 27 of the Exchange Act (15 U.S.C. §78aa).

6 6. Venue is proper in this Judicial District pursuant to Section 27 of the
7 Exchange Act (15 U.S.C. § 78aa) and 28 U.S.C. § 1391(b) as the alleged misleading
8 public filings and press releases entered this district.

9 7. In connection with the acts, conduct and other wrongs alleged herein,
10 Defendants either directly or indirectly used the means and instrumentalities of
11 interstate commerce, including but not limited to the United States mails, interstate
12 telephone communications and the facilities of the national securities exchange.

11 12 **SUBSTANTIVE ALLEGATIONS**

13 **Background**

14 22. On May 23, 2014, Xunlei filed a registration statement on Form F-1 with
15 the SEC in connection with the IPO. The registration statement was amended for the
16 final time when the Company filed an amended Form F-1/A with the SEC on June
17 20, 2014 (collectively, the "Registration Statement").

18 23. The Registration Statement contained a preliminary prospectus. The
19 Final prospectus (the "Prospectus") was filed with the SEC on June 24, 2014.

20 24. On June 23, 2014, the SEC declared the Registration Statement
21 effective.

22 25. On June 24, 2014, the Company completed its IPO, in which the
23 Company sold 7,315,000 ADS at \$12 per ADS. The Offering raised almost \$88
24 million in proceeds for the Company.

25 26. Project Crystal is Xunlei's innovation in crowd sourcing idle bandwidth
26 and storage from users. It is an ongoing project that was first mentioned by the
27 Company in August 2014.

28

1 that we can scale number 1 and number 2 stabilize the system in the
2 next uh near future. Certainly not from a financial standpoint it has
3 not contributed to our bandwidth costs yet. And the final point is that
4 you are absolutely correct the implications of Crystal is essentially
5 two fold. As we reiterated on a call, not only can it potentially help us
6 reduce bandwidth costs [inaudible] itself but at the end of the day you
7 know should [inaudible] usage of capacity for bandwidth is limited
8 should excess bandwidth savings if you will can be passed on to other
9 users and we believe for example that Xiaomi will be one of the first
10 users for Crystal but uh again this is still in the very early stage and
11 we look forward to updating the marketplace in a timely manner
12 should there be a material information and developments.

13
14 30. On March 11, 2015, Xunlei issued the press release entitled, “Xunlei
15 Announces Unaudited Financial Results for the Fourth Quarter and the Fiscal Year
16 Ended December 31, 2014.” The press release contained guidance for the first quarter
17 of 2015 stating in relevant part:

18
19 *For the first quarter 2015, Xunlei estimates total revenues to
20 be between US\$37 million to US\$41 million, the midpoint of
21 the range representing a year over year decrease of 5% and a
22 quarter-over-quarter decline of 16%.*

23 (emphasis added)

24 31. On March 31, 2015, Xunlei issued the press release entitled, “Xunlei
25 Announces Strategic Divestment of Xunlei Kankan.” The press release discussed
26 Xunlei’s divestment of its video streaming division, Kankan, stating in relevant part:

27 SHENZHEN, China, March 31, 2015 (GLOBE NEWSWIRE) --
28 Xunlei Limited (“Xunlei” or the “Company”) (Nasdaq:XNET), China’s leading provider of acceleration products and services, today announced that it has entered into a legally binding framework agreement with Beijing Nesound International Media Corp., Ltd. Company’s entire stake in its online video streaming platform, Xunlei Kankan.

The Company intends to sell Xunlei Kankan for a consideration of RMB130 million. Xunlei’s Board approved the transaction after considering the benefits of the transaction to the Company and its shareholders. *The Company believes that the divestment of Xunlei Kankan is consistent with Xunlei’s new strategic focus on streamlining existing non-core and unprofitable businesses so as to devote sufficient management attention to execute strategies on mobility and Project Crystal.* The completion of the transaction is subject to the signing of a definitive purchase agreement and fulfilling closing conditions contained therein, which may include the completion of a specific research and development project, the transfer of domain name and other assets and businesses of Xunlei Kankan, and the application for the transfer of permits and licenses required for Xunlei Kankan’s operations. If the transaction fails to close due to the fault of either Xunlei or Nesound, including the failure to meet closing conditions, the responsible party shall be liable to pay an additional fee of RMB52 million.

Mr. Sean Zou, Chairman and Chief Executive Officer of Xunlei, stated: *“I am pleased that the Board has unanimously approved the sale of Kankan as part of our initiative to streamline existing businesses and to focus on our continued transition to mobile internet,* which we expect will offer our employees and our investors with exciting future prospects.”

“As I mentioned in our last earnings call, we are convinced that it is necessary to respond to changing environment, technical innovation and more diverse customer expectations with a bold new beginning. *Xunlei will tap the growth potential created by its transformation from a primarily PC-based company to a mobile internet company, which we believe to be critical to our long term growth,*” added Mr. Zou.

(emphasis added).

1 32. The statements contained in ¶¶ 27-31 were materially false and/or
2 misleading when made because Defendants failed to disclose or indicate the material
3 risk that Xunlei’s strategic focus on Project Crystal and its mobility initiative would
4 have a detrimental impact on the Company’s financial condition.

5
6 **THE TRUTH EMERGES**

7 33. After the market closed on May 20, 2015, the Company issued a press
8 release entitled, “Xunlei Announces Unaudited Financial Results for the First Quarter
9 Ended March 31, 2015.” The press release stated in relevant part:

10
11 **Total revenues were US\$30.2 million**, an 8.4% decrease from the
12 corresponding period of last year and a 14.9% decrease from the
13 previous quarter.

14 * * *

15 Mr. Sean Zou, Chairman and Chief Executive Officer of Xunlei,
16 commented on the results. “Our first quarter revenue was within our
17 guidance range as we continue to focus on our key strategic
18 imperative. *The ongoing transition to mobile internet is a critical
19 factor to our planned long-term growth. We remain steadfast in our
20 focus to deepen our existing business cooperation with Xiaomi,
21 expand our presence in the mobile space, continue apace with
22 Project Crystal and create long term value for our shareholders.*”

23 Mr. Tom Wu, Chief Financial Officer of Xunlei, added, “The pending
24 divestiture of Xunlei Kankan is a key step for us to resharpen our
25 strategic focus and shift resources to drive future growth, which we
26 believe will help to improve our cash flow and financial results.”

27 * * *

28 **Total Revenues**

Total revenues were US\$30.2 million, down 8.4% year-over-year and
14.9% sequentially.

2 **Strategic Divestment of Xunlei Kankan**

3
4 On March 31, 2015, the Company entered into a legally binding
5 framework agreement with Beijing Nesound International Media
6 Corp., Ltd. (“Nesound”), an independent third party, to sell the
7 Company’s entire stake in its online video streaming platform, Xunlei
8 Kankan, for a total consideration of RMB130 million. The Company
9 received a deposit of RMB26 million in April 2015. In May 2015, the
10 Company signed definitive share and asset transfer agreements with
11 Nesound to effect such sale. The transaction is currently scheduled to
12 be completed by the end of the second quarter of 2015, although the
13 completion remains subject to the fulfilling of certain closing
14 conditions specified in the signed agreements, which include the
15 transfer of domain names and other assets and businesses of Xunlei
16 Kankan and the application for the transfer of permits and licenses
17 required for Xunlei Kankan’s operations.

18 (emphasis added).

19
20 34. On this news, the Company’s stock fell \$1.69 per ADS or almost 15%
21 the next day to close at \$9.71 per share on May 21, 2015, damaging investors.

22 **PLAINTIFF’S CLASS ACTION ALLEGATIONS**

23 35. Plaintiff brings this action as a class action pursuant to Federal Rule of
24 Civil Procedure 23(a) and (b)(3) on behalf of a Class, consisting of all those who
25 purchased or otherwise acquired Xunlei ADSs traded on NASDAQ during the Class
26 Period (the “Class”); and were damaged upon the revelation of the alleged corrective
27 disclosure. Excluded from the Class are Defendants herein, the officers and directors
28 of the Company, at all relevant times, members of their immediate families and their
legal representatives, heirs, successors or assigns and any entity in which Defendants
have or had a controlling interest.

1 36. The members of the Class are so numerous that joinder of all members is
2 impracticable. Throughout the Class Period, Xunlei ADSs were actively traded on
3 NASDAQ. While the exact number of Class members is unknown to Plaintiff at this
4 time and can be ascertained only through appropriate discovery, Plaintiff believes that
5 there are hundreds or thousands of members in the proposed Class. Record owners
6 and other members of the Class may be identified from records maintained by Xunlei
7 or its transfer agent and may be notified of the pendency of this action by mail, using
8 the form of notice similar to that customarily used in securities class actions.

9 37. Plaintiff's claims are typical of the claims of the members of the Class as
10 all members of the Class are similarly affected by Defendants' wrongful conduct in
11 violation of federal law that is complained of herein.

12 38. Plaintiff will fairly and adequately protect the interests of the members
13 of the Class and has retained counsel competent and experienced in class and
14 securities litigation. Plaintiff has no interests antagonistic to or in conflict with those
15 of the Class.

16 39. Common questions of law and fact exist as to all members of the Class
17 and predominate over any questions solely affecting individual members of the Class.
18 Among the questions of law and fact common to the Class are:

- 19 • whether the federal securities laws were violated by Defendants' acts as
20 alleged herein;
- 21 • whether statements made by Defendants to the investing public during the
22 Class Period misrepresented material facts about the business and
23 operations of Xunlei;
- 24 • whether the Individual Defendants caused Xunlei to issue false and
25 misleading statements during the Class Period;
- 26 • whether Defendants acted knowingly or recklessly in issuing false and
27 misleading statements;
- 28

- whether the prices of Xunlei ADSs during the Class Period were artificially inflated because of the Defendants’ conduct complained of herein; and,
- whether the members of the Class have sustained damages and, if so, what is the proper measure of damages.

40. A class action is superior to all other available methods for the fair and efficient adjudication of this controversy since joinder of all members is impracticable. Furthermore, as the damages suffered by individual Class members may be relatively small, the expense and burden of individual litigation make it impossible for members of the Class to individually redress the wrongs done to them. There will be no difficulty in the management of this action as a class action.

41. Plaintiff will rely, in part, upon the presumption of reliance established by the fraud-on-the-market doctrine in that:

- Defendants made public misrepresentations or failed to disclose material facts during the Class Period;
- the omissions and misrepresentations were material;
- Xunlei ADSs are traded in efficient markets;
- the Company’s shares were liquid and traded with moderate to heavy volume during the Class Period;
- the Company traded on NASDAQ, and was covered by multiple analysts;
- the misrepresentations and omissions alleged would tend to induce a reasonable investor to misjudge the value of the Company’s securities; and
- Plaintiff and members of the Class purchased and/or sold Xunlei ADSs between the time the Defendants failed to disclose or misrepresented material facts and the time the true facts were disclosed, without knowledge of the omitted or misrepresented facts.

1 necessary to make the statements not misleading; and (c) engaged in acts, practices,
2 and a course of business that operated as a fraud and deceit upon the purchasers of the
3 Company's securities in an effort to maintain artificially high market prices for
4 Xunlei ADSs in violation of Section 10(b) of the Exchange Act and Rule 10b-5
5 promulgated thereunder. All Defendants are sued either as primary participants in the
6 wrongful and illegal conduct charged herein or as controlling persons as alleged
7 below.

8 49. Defendants, individually and in concert, directly and indirectly, by the
9 use, means or instrumentalities of interstate commerce and/or of the mails, engaged
10 and participated in a continuous course of conduct to conceal adverse material
11 information about the business, operations and future prospects of Xunlei as specified
12 herein.

13 50. These Defendants employed devices, schemes, and artifices to defraud
14 while in possession of material adverse non-public information, and engaged in acts,
15 practices, and a course of conduct as alleged herein in an effort to assure investors of
16 Xunlei's value and performance and continued substantial growth, which included
17 the making of, or participation in the making of, untrue statements of material facts
18 and omitting to state material facts necessary in order to make the statements made
19 about Xunlei and its business operations and future prospects in the light of the
20 circumstances under which they were made, not misleading, as set forth more
21 particularly herein, and engaged in transactions, practices and a course of business
22 that operated as a fraud and deceit upon the purchasers of Xunlei ADSs during the
23 Class Period.

24 51. Each of the Individual Defendants' primary liability, and controlling
25 person liability, arises from the following facts: (1) the Individual Defendants were
26 high-level executives, directors, and/or agents at the Company during the Class
27 Period and members of the Company's management team or had control thereof; (2)
28 each of these Defendants, by virtue of his responsibilities and activities as a senior

1 officer and/or director of the Company, was privy to and participated in the creation,
2 development and reporting of the Company's business prospects and operations; (3)
3 each of these Defendants enjoyed significant personal contact and familiarity with the
4 other Defendants and was advised of and had access to other members of the
5 Company's management team, internal reports and other data and information about
6 the Company's operations and business projects at all relevant times; and (4) each of
7 these Defendants was aware of the Company's dissemination of information to the
8 investing public which they knew or recklessly disregarded was materially false and
9 misleading.

10 52. Defendants had actual knowledge of the misrepresentations and
11 omissions of material facts set forth herein, or acted with reckless disregard for the
12 truth in that they failed to ascertain and to disclose such facts, even though such facts
13 were available to them. Such Defendants' material misrepresentations and/or
14 omissions were done knowingly or recklessly and for the purpose and effect of
15 concealing Xunlei's the financial risk of the shift in strategy from the investing public
16 and supporting the artificially inflated price of its ADSs. As demonstrated by
17 Defendants' omissions and misstatements of the Company's business strategy
18 throughout the Class Period, Defendants, if they did not have actual knowledge of the
19 misrepresentations and omissions alleged, were reckless in failing to obtain such
20 knowledge by deliberately refraining from taking those steps necessary to discover
21 whether those statements were false or misleading.

22 53. As a result of the dissemination of the materially false and misleading
23 information and failure to disclose material facts, as set forth above, the market price
24 of Xunlei ADSs was artificially inflated during the Class Period. In ignorance of the
25 fact that market prices of Xunlei's publicly-traded ADSs were artificially inflated,
26 and relying directly or indirectly on the false and misleading statements made by
27 Defendants, or upon the integrity of the market in which the ADSs trades, and/or on
28 the absence of material adverse information that was known to or recklessly

1 disregarded by Defendants but not disclosed in public statements by Defendants
2 during the Class Period, Plaintiff and the other members of the Class acquired Xunlei
3 ADSs during the Class Period at artificially high prices and were or will be damaged
4 thereby.

5 54. At the time of said misrepresentations and omissions, Plaintiff and other
6 members of the Class were ignorant of their falsity, and believed them to be true. Had
7 Plaintiff and the other members of the Class and the marketplace known the truth
8 regarding the financial risk of Xunlei's shift in strategy, which was not disclosed by
9 Defendants, Plaintiff and other members of the Class would not have purchased or
10 otherwise acquired their Xunlei ADSs, or, if they had acquired such securities during
11 the Class Period, they would not have done so at the artificially inflated prices that
12 they paid.

13 55. By virtue of the foregoing, Defendants have violated Section 10(b) of
14 the Exchange Act, and Rule 10b-5 promulgated thereunder.

15 56. As a direct and proximate result of Defendants' wrongful conduct,
16 Plaintiff and the other members of the Class suffered damages in connection with
17 their respective purchases and sales of the Company's securities during the Class
18 Period.

19 57. This action was filed within two years of discovery of the fraud and
20 within five years of each plaintiff's purchases of securities giving rise to the cause of
21 action.

22 **SECOND CLAIM**
23 **Violation of Section 20(a) of**
24 **The Exchange Act Against the Individual Defendants**

25 58. Plaintiff repeats and realleges each and every allegation contained above
26 as if fully set forth herein.

27 59. The Individual Defendants acted as controlling persons of Xunlei within
28 the meaning of Section 20(a) of the Exchange Act as alleged herein. By virtue of their

1 high-level positions, agency, ownership and contractual rights, and participation in
2 and/or awareness of the Company's operations and/or intimate knowledge of the false
3 financial statements filed by the Company with the SEC and disseminated to the
4 investing public, the Individual Defendants had the power to influence and control,
5 and did influence and control, directly or indirectly, the decision-making of the
6 Company, including the content and dissemination of the various statements that
7 Plaintiff contends are false and misleading. The Individual Defendants were provided
8 with or had unlimited access to copies of the Company's reports, press releases,
9 public filings and other statements alleged by Plaintiff to have been misleading prior
10 to and/or shortly after these statements were issued and had the ability to prevent the
11 issuance of the statements or to cause the statements to be corrected.

12 60. In particular, each of these Defendants had direct and supervisory
13 involvement in the day-to-day operations of the Company and, therefore, is presumed
14 to have had the power to control or influence the particular transactions giving rise to
15 the securities violations as alleged herein, and exercised the same.

16 61. As set forth above, Xunlei and the Individual Defendants each violated
17 Section 10(b), and Rule 10b-5 promulgated thereunder, by their acts and omissions as
18 alleged in this Complaint.

19 62. By virtue of their positions as controlling persons, the Individual
20 Defendants are liable pursuant to Section 20(a) of the Exchange Act. As a direct and
21 proximate result of Defendants' wrongful conduct, Plaintiff and other members of the
22 Class suffered damages in connection with their purchases of the Company's
23 securities during the Class Period.

24 63. This action was filed within two years of discovery of the fraud and
25 within five years of each Plaintiff's purchases of securities giving rise to the cause of
26 action.

27
28

THIRD CLAIM
Violation of Section 11 of
The Securities Act Against All Defendants

1
2
3
4 64. Plaintiff repeats and incorporates each and every allegation contained
5 above as if fully set forth herein, except any allegation of fraud, recklessness or
6 intentional misconduct.

7 65. This Count is brought pursuant to Section 11 of the Securities Act, 15
8 U.S.C. §77k, on behalf of the Class, against the Individual Defendants.

9 66. The Registration Statement for the IPO was inaccurate and misleading,
10 contained untrue statements of material facts, omitted to state other facts necessary to
11 make the statements made not misleading, and omitted to state material facts required
12 to be stated therein.

13 67. Xunlei is the registrant for the IPO. Individual Defendants named herein
14 were responsible for the contents and dissemination of the Registration Statement.

15 68. As issuer of the shares, Xunlei is strictly liable to Plaintiff and the Class
16 for the misstatements and omissions.

17 69. None of the Individual Defendants named herein made a reasonable
18 investigation or possessed reasonable grounds for the belief that the statements
19 contained in the Registration Statement were true and without omissions of any
20 material facts and were not misleading.

21 70. By reasons of the conduct herein alleged, each Individual Defendant
22 violated, and/or controlled a person who violated Section 11 of the Securities Act.

23 71. Plaintiff acquired Xunlei shares pursuant and/or traceable to the
24 Registration Statement for the IPO.
